(Proposed Vision Statement)

Culture – Promotes learning, collaboration, engagement, and builds mutual respect between all members of our school’s community.

Vision

Teachers promote the academic, social and emotional growth of students through positive engagement, mentoring, role modeling, and through accountable and responsible behavior.

Students progress academically as life-long learners, socially with responsible behaviors, and personally through integrity and respect for others to become successful members of a changing society

Curriculum is relevant, rigorous, and challenging.
